

# Ben's Computer Repair

216-276-3181

Serving Homes & Small Businesses on Cleveland's East Side and Far East Suburbs

Tired of your slow computer?

Annoying pop-ups? Virus?

Can't get back online?

Fed up explaining to the grandparents how to open email attachments from the kids?

I am a college student working  
my way through Tri-C.

All proceeds from computer  
repairs help me stay in school to  
get my degree.
